SID EDWARDS

Graphic Design and Web Developer

PROFILE

Web developer working as a freelancer. Expertise is front end development with strong graphic design background and experienced in back end development. I keenly pursue SEO best practices,

Performance and Responsive Web Design are key concerns. I have passion for my job and continuously learn. I am looking for freelance, part time or contract positions, working remotely or mixed with on site. I would also consider permanent roles if the job specification were a good fit.

Excellent interpersonal, communication and negotiation skills and the ability to develop and maintain mutually beneficial relationships.
